- › **FOILVAC 100 PUMP**

CHOOSING EFFICIENCY & SAVING AT THE SAME TIME!

Industrial vacuum cleaners are the best solution to ensure maximum productivity on a production line. Guarantees an important saving on maintenance times and ensures safe and fast waste disposal. **FIorentini** vacuum cleaners can be easily moved or transported by a forklift, in order to discharge in selected areas. Thanks to the separation system of the vacuumed material from the machines, some materials such as oil or lubricants can be recovered and recycled from machine tools. This allows our customers to save both on waste disposal costs and raw material purchase costs.

BAKERY RANGE

FW2 SINGLE PHASE INDUSTRIAL VACUUM CLEANER WITH NOMEX FILTER

SINGLE PHASE INDUSTRIAL VACUUM CLEANER

- **VOLTAGE:** 230V/50HZ • **POWER** 2X1100W
- **AIR FLOW** 360M3/H • **WATER LIFT** 2400 MM H2O
- › Possibility of vacuum dusts, solids and liquids at the same time
- › NOMEX Filter, heat resistant up to 200°
- › Manual filter cleaning shaker
- › Tank capacity up to 40 liters

.....

FW2 BRUSHLESS ATEX Z22

ATEX INDUSTRIAL VACUUM CLEANER

- **VOLTAGE:** 230V/50HZ • **POWER** 1100W
- **AIR FLOW** 215M3/H • **WATER LIFT** 2250 MM H2O
- › Possibility of vacuum dusts, solids and liquids at the same time
- › Antistatic star filter Ø420 CAT (BIA) M with large filtering surface 20.000 Cm²
- › Manual filter cleaning shaker
- › Earth grounding

FOOD RANGE

FM70 INDUSTRIAL VACUUM CLEANER

THREE PHASE INDUSTRIAL VACUUM CLEANER

- **VOLTAGE:** 400V • **POWER** 5,5KW
- **AIR FLOW** 530M3/H • **WATER LIFT** 3600 MM H2O
- › Possibility of vacuum dusts, solids and liquids at the same time
- › Maintenance free motor suitable for continuous duty 24/7 week
- › Star filter Ø420 CAT (BIA) L
with large filtering surface 35.000 Cm2
- › Filter efficiency detector
- › Manual filter cleaning shaker
- › Tank capacity up to 100 liters

.....

FW2 BRUSHLESS ATEX Z22

ATEX INDUSTRIAL VACUUM CLEANER

- **VOLTAGE:** 230V/50HZ • **POWER** 1100W
- **AIR FLOW** 215M3/H • **WATER LIFT** 2250 MM H2O
- › Possibility of vacuum dusts, solids and liquids at the same time
- › Antistatic star filter Ø420 CAT (BIA) M
with large filtering surface 20.000 Cm2
- › Manual filter cleaning shaker
- › Earth grounding

CLEANING RANGE

FW2 SINGLE PHASE INDUSTRIAL VACUUM CLEANER

SINGLE PHASE INDUSTRIAL VACUUM CLEANER

- **VOLTAGE:** 230V/50HZ • **POWER** 2X1100W
- **AIR FLOW** 360M3/H • **WATER LIFT** 2400 MM H2O
- › Possibility of vacuum dusts, solids and liquids at the same time
- › Polyester star filter Ø420 CAT (BIA) L with large filtering surface filter 20.000cm²
- › Manual filter cleaning shaker
- › Tank capacity up to 40 liters

.....

FM70 INDUSTRIAL VACUUM CLEANER

THREE PHASE INDUSTRIAL VACUUM CLEANER

- **VOLTAGE:** 400V/50HZ • **POWER** 5,5 KW
- **AIR FLOW** 530M3/H • **WATER LIFT** 3600 MM H2O
- › Possibility of vacuum dusts, solids and liquids at the same time
- › Maintenance free motor suitable for continuous duty 24/7 week
- › Polyester star filter Ø420 CAT (BIA) L with large filtering surface 35.000 Cm²
- › Filter efficiency detector
- › Manual filter cleaning shaker
- › Tank capacity up to 100 liters

MECHANICAL RANGE

FOILVAC 60

SINGLE PHASE INDUSTRIAL VACUUM CLEANER FOR OIL/CHIPS

- **VOLTAGE:** 230V/50HZ • **POWER** 1100W
- **AIR FLOW** 180M3/H • **WATER LIFT** 2400 MM H2O
- › Bag filter PPL Ø400
- › PPL filter for engine protection 100µ
- › Extractable steel sieve grid for metal chips
- › Discharge system with ball valve
- › Solids capacity 10 lt, Liquids capacity 65 lt

.....

FOILVAC 100 PUMP

SINGLE PHASE INDUSTRIAL VACUUM CLEANER FOR OIL/CHIPS

- **VOLTAGE:** 230V/50HZ • **POWER** 2X1100W
- **AIR FLOW** 360M3/H • **WATER LIFT** 2400 MM H2O
- › Vacuuming and separation of oil and chips
- › PPL filter for engine protection 100µ
- › Extractable steel sieve grid for metal chips
- › PPL filter 300µ for fine filtration
- › Solids capacity 30 lt, Liquids capacity 90 lt
- › 100lt/min independent electric pump
- › Integrated electric floating device with automatic STOP

CAR WASH RANGE

FW3 INFINI 2,2 KW WITH SIDE CHANNEL BLOWER

THREE PHASE INDUSTRIAL VACUUM CLEANER

- **VOLTAGE:** 230V/50HZ • **POWER** 2,2KW
- **AIR FLOW** 320M3/H • **WATER LIFT** 3000 MM H2O
- › Possibility of vacuum dusts, solids and liquids at the same time
- › Polyester star filter Ø420 CAT (BIA) L with large filtering surface 20.000 Cm2
- › Manual filter cleaning shaker
- › Tank capacity up to 65 liters
